

BioPIC 2010: **SAVE THE DATE!**

BioPhotonics and Imaging Conference

18th – 20th October

Dunboyne Castle Hotel, Ireland

Come join us for an exciting series of talks on BioPhotonics and Imaging – key technologies of the EU seventh Framework Programme

International speakers include:

- Prof Paul French (Imperial College London)
- Prof Marshall Montrose (University of Cincinnati)
- Prof Valery Tuchin (Saratov State University)
- Dr Stefan Jakub (Max Planck Institute)
- Prof Patrice Mollard (Institut de Génomique Fonctionnelle - CNRS)

And Many More.....

Topics: European Research Strategy • Biomedical Spectroscopy • Fluorescence Microscopy • Tissue Optics and Laser Tissue Interactions • Bio-Imaging • BioPhotonics - Diagnostics and Therapy • Image Processing and Data Management • Advanced Microscopy

Features: • Plenary Speakers • Paper Presentations • Poster Competition • Prizes & Awards • Industrial Sponsorship and Equipment Demonstrations

Details and Registration: <http://www.nbpireland.ie/biopic>

Selected Papers will feature in the Journal of Microscopy
